- **YOU**
  - What's your plan for the next 3 days?

# Time is short, use it well

- Make/renew acquaintances
- Refine your interests, measure your progress
- Share ideas; inspire and be inspired
- Be moved by those being recognized for their achievements but be driven by your curiosity to learn.
- Go to the gym
- Leave San Jose with a clearer vision of you, your personal vision, goals,

# Science and Art..

Whether one shows one's self a (person) of genius in science or compose(s) a song, the only point is, whether the thought, the discovery, the deed, is living and can live on.

— **Johann Wolfgang von Goethe**
