The Premier humanitarian TECHNOLOGY INVOLVEMENT opportunity of the year

The 11th IEEE GHTC will be held virtually from Seattle, Washington October 19 to 23, 2021.

The Global Humanitarian Technology Conference (GHTC) is a cross disciplinary international flagship conference focused on advancing technology for the benefit of humanity, produced annually by the IEEE, the world's largest engineering and technical professional association.

GHTC 2020 brings together **scientists, engineers, technology professionals, practitioners, academics, foundations, government and non-government organizations**, and other individuals engaged in humanitarian work.

The intellectual capital and momentum produced at GHTC lead the way in promoting innovation and education in best practices in humanitarian technology, broadening impacts from local to global.

This conference reaches hundreds of participants from around the world with a **program** of invited talks, technical sessions, tutorials, exhibits, networking, and social activities. Sharing and discussing practical **technology enabled solutions for present and future humanitarian needs**, underserved populations and resource constrained environments around the world, and the United Nations Sustainable Development Goals (UN SDG).

The conference theme of *“Technology for the Benefit of Humanity”* includes these UN SDG focus areas:

1. **Affordable & Clean Energy (SDG7)**
2. **Agriculture & Food Security (SDG2)**
3. **Clean Water & Sanitation (SDG6)**
4. **Connectivity & Communication in Support of Development**
5. **Decent Work and Economic Growth (SDG8)**
6. **Good Health and Well Being (SDG3)**
7. **Disaster Mitigation, Preparedness, Response & Recovery**
8. **Quality Education (SDG4)**
9. **Other Related United Nations Sustainable Development Goals (e.g. SDGs 9, 11, 12, 14)**

Involvement in the conference can provide for education in humanitarian technology and demonstrates support for the development of new and innovative technologies related to this vital mission.

Plenary and invited **speakers** influence humanitarian work globally. Authors of the conference papers present not only to participants but add to the body of technical literature (IEEE Xplore) supporting the development of humanitarian technology efforts. Over the past 10 years, GHTC papers have been viewed nearly 400,000 times.

Exhibitors reach decision makers and technology developers from many sectors in the premiere conference setting to display such capabilities.
